

I am writing to express my serious disappointment with Sinclair Broadcasting. The decision to air a politically biased program, such as "Stolen Honor", the day before a major election, gives us all a perfect example of what is happening to our airwaves. Big corporations are taking over, and bullying their opinions into our homes. THE DAY THAT CORPORATE AND POLITICAL INTERESTS ARE PUT IN FRONT OF THE PUBLIC'S LIBERTIES, IS THE DAY THAT DEMOCRACY BEGINS TO DIE.

Many believe that day has already come. If Sinclair Broadcasting is allowed to show this program unchallenged or unbalanced without a pro-Kerry program, that day may indeed be here. The FCC must take action. Regardless of our personal or political views, we must be morally responsible to each other. To allow what Sinclair has decided to do, would be to destroy the moral fabric of the foundation of the Constitution of the United States.

One side is not always right, and one side does not have all of the answers. One side should NEVER be favored over the other. Please do not allow this to happen. The public airwaves are NOT for sale or endorsement.
